BELTWAY STEEL

Product Submittal Sheet

Beltway Steel LLC | (346) 200-4007 | beltwaysteel.com

400T200-43

4" structural track | 2" flange (leg) | 43 mil (18 ga)

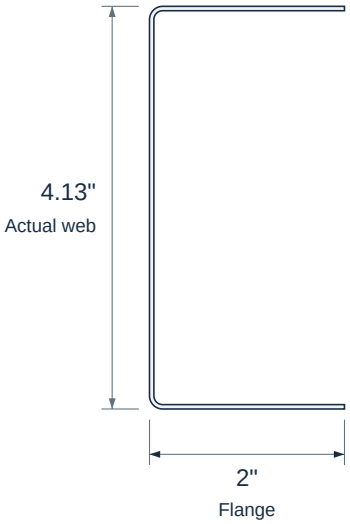

Geometric & Material Properties

Nominal web	4"
Actual web	4.130 in
Flange (track leg)	2.000 in
Lip/return	None
Gauge / mil	18 ga / 43 mil
Design steel thickness	0.0451 in
Minimum steel thickness	0.0428 in
Inside bend radius	0.090 in
Finish	Galvanized

Supply & Fabrication

Standard stock length	10 ft
Custom length	Per confirmed cut list
Web	Unpunched
Profile form	U-track

TRACK CROSS-SECTION

Dimensions in inches

Section view - not a fabrication drawing

Matching track

Nominal web identifies the matching stud size. Actual track web is shown separately to allow the track to receive the stud.

Track has no Lip/return. Flange is also referred to as the track leg.

Project & Engineering Documentation

Match the profile, gauge, material grade and coating to the approved project specification. Member spacing, bracing, connections and installation follow the project drawings.

Section properties, load capacities and compliance documentation are supplied separately for the specified profile.

Geometry reference: Beltway profile data and Knudson KFS-1622E profile specification (08/17/21).
